

[ANNOUNCING]

2021

SUMMIT-PALOOZA

SUSTAINABILITY LEADERS WEEK

JOIN US FOR A WEEK OF NETWORKING, SHARING & PROBLEM SOLVING!

HIGHLY
INTERACTIVE

VIRTUAL/LIVE

MONDAY-FRIDAY
22-26
FEBRUARY

We're offering **one ticket for the week**, which includes as many sessions as you'd like to attend,

AT A LOW PRICE OF \$349.

However, we recognize that this is a challenging time.

WE WANT EVERYONE TO BE ABLE TO JOIN US.

So if this fee poses a financial hardship for you, please reach out to RoseAnn directly.

roseann@buildinggreen.com.

We welcome any other questions or comments, and we hope to see you online in February!

BECOME STRONGER, MORE EFFECTIVE CHANGE AGENTS.

Connect with sustainability leaders with in your discipline as well as across the Peer Networks. We'll create a space for you to offer support, exchange ideas and resources. For those familiar with our usual summits, this will preserve some of the elements you're used to, but also add new twists.

DO SOMETHING UPLIFTING.

What makes this different from all those other virtual conferences and events? This week is highly interactive. You'll have plenty of opportunities to work with your peers to uplift each other, collaborate on solutions, and move the industry forward.

PICK AND CHOOSE SESSIONS.

It may look like a packed agenda for the week but not everyone will participate in every session. Join the sessions you choose, based on your interests and your schedule.

WE'LL BUILD SESSIONS AROUND YOUR PRIORITIES.

Specific topics have not yet been determined. We will work with participants to find out what's top of mind for you, and build sessions around those priorities.

THERE WILL BE FIVE DIFFERENT TYPES OF SESSIONS:

- 1 Opening and Closing.** We'll begin and end the week all together. We'll start by setting the tone and orienting ourselves, and end with a review of the week, looking at next steps, and closing out our time together.
- 2 Peer Network Sessions.** Each network will have the opportunity to engage with their peer group. We'll focus primarily on forging connections and peer consulting.
- 3 Working Group Workshops.** A chance to check in with working groups established this past summer, see their progress, and offer feedback. Each workshop will start with an update from the working group, move into breakouts to discuss thoughts and responses, and reconvene to share back with the group.
- 4 Integrative Design Jams.** Each of these sessions will be open to members of all networks and will focus on challenges that require cross-disciplinary solutions. These jams will use breakout groups to identify, prioritize, and offer solutions to challenges related to each topic throughout the entire design and construction process.
- 5 Happy Hours.** We've heard your requests! Each happy hour will review the events of that day as well as offer a chance for more organic conversations and networking.
